After reviewing hundreds of pages of evidence from my current case, including scientific papers and legal briefs filed in the Florida court system, as well other scientific papers, the Alliance of Indigenous Nations (A.I.N.) International Tribunal, issued a **declaration and ORDER declaring the MRNA nanoparticle injections biological and technological weapons of mass destruction.**

The Alliance of Indigenous Nations (A.I.N.) International Tribunal is the first governing body and judicial authority in the world to issue an ORDER declaring MRNA nanoparticle injections biological and technological weapons of mass destruction.

In addition to legal briefs and scientific studies, the Alliance of Indigenous Nations (A.I.N.) reviewed affidavits filed in my current case in the Florida court system from Ana Mihalcea, M.D., PhD; Rima Laibow, M.D.; Karen Kingston; Andrew Zywiec, M.D.; Marivic Villa, M.D., and Avery Brinkley, M.D.. Dr. Ben Marble, M.D., and Dr. Paul Alexander, PhD.; and the late Francis Boyle, J.D., PhD, the law professor that wrote the U.S. domestic implementation legislation of the Biological Weapons Convention, called the Biological Weapons and Antiterrorism Act of 1989. Dr. Boyle publicly stated the COVID 19 injections were bioweapons in late 2020, before they were even deployed.

The declaration and ORDER include quotes from and or cites affidavits from Dr. Francis Boyle, J.D, PhD; Dr. Ana Mihalcea, M.D., PhD; Dr. Andrew Zywiec, M.D.,; Dr. Paul Alexander, PhD; and Dr. Rima Laibow, M.D. It also cites the work of Dr. James Thorp, M.D.; Dr. David J. Speicher; Dr. Jessica Rose; and Dr. Kevin McKernan; and cites a recent paper by Dr. Andrew Zywiec, et. al., stating that the 'vaccine' violated the Biological Weapons Convention.

This extraordinary declaration and ORDER comes in the wake of the World Council for Health Florida chapter declaring the MRNA nanoparticle injections to be biological and technological weapons of mass destruction. Previously county Republican Parties

across the U.S. as well as the Idaho and Arizona GOPs declared MRNA nanoparticle injections to be biological and technological weapons of mass destruction.

The Indigenous Nations (A.I.N.) International Tribunal stated:

“This Tribunal finds and hereby declares that the COVID-19 injections, mRNA injections, or mRNA nanoparticle injections, are in fact biological and technological weapons of mass destruction.

This Tribunal finds and hereby declares that the ‘COVID-19 nanoparticle injections’ or ‘mRNA nanoparticle injections’ or ‘COVID-19 injections‘ meet the criteria of biological weapons and weapons of mass destruction according to the Biological Weapons Anti Terrorism Act, of 1989 18 USC § 175; Weapons and Firearms § 790.166 Fla. Stat. (2023), Canada‘s Biological and Toxin Weapons Convention Implementation Act, 2004, and the International Biological Weapons Convention. This Order and Declaration is intended to have immediate worldwide effect.”

The Indigenous Nations (A.I.N.) International Tribunal has nation to nation status recognized by the Canadian government. The Indigenous Nations (A.I.N.) International Tribunal is the first governing body and judicial authority in the world to issue an ORDER declaring the MRNA nanoparticle injections biological and technological weapons of mass destruction.

It is unclear what the international legal ramifications of this ORDER will be. The ORDER also states:

“As such **colonial systems have only served to perpetuate the injustice of what can only be seen as a planned and executed murder and depopulation of mankind around the world**. The lack of justice in colonial systems must be seen as by design and to further the application and deployment of bioweapons on the public. We ask the original peoples and rest of mankind to stand together to give this decision and declaration the force of morality and justice- which is the basis of any system of law. There can be no architecture of law that is a permissive grant to deploy bioweapons on mankind. We find there is a consequential degeneracy in the intrinsic value of mankind by those who have and continue to promulgate the application of weapons of mass destruction on humanity. The COVID-19 injections, mRNA injections, or mRNA

nanoparticle injections, are weapons. Biological weapons. Cellular weapons. Poisonous weapons. Genetic weapons. Nanotechnology. Intergenerational weapons. Technological weapons."
